

ON SCENE MEDICAL EVENTS

Starter Site + Event Staffing & Coordination

4-page starter site — built clean, ADA compliant, and ready to scale
Prepared July 22, 2026 | Valid for 30 days | chris@sitedoc.co | (801) 309-8363

THE OPPORTUNITY

On Scene Medical Events needs a dedicated online presence.

Right now, the event staffing and medical coordination arm of EMT Utah has no standalone web presence. That means missed inquiries, no credibility signal for event organizers, and no way to showcase your team's expertise. A clean, focused starter site fixes all of that — and it's built to grow as the business does.

THE SOLUTION

Built clean. No platform lock-in. Ready in days.

A 4-page starter site on Site Doc's dedicated infrastructure — ADA compliant from the first line of code, mobile ready, wired to your email and indexed on Google from day one. Event organizers can find you, review your services, and reach your team directly.

WHAT'S INCLUDED

WHAT'S INCLUDED	VALUE
4-page site — Home, Events, About, Contact	Full build
